## Cunningham Says President Bartlett One Man Board

### Two Trustees Block Payment of Bills Because Committee Ignored

Harmony vanished Tuesday evening at the meeting of the village board when Trustees Merrill Cunningham and Edgar Simonson blocked temporarily the payment of bills because they, as members of the street committee, were not informed of a purchase and use of road oil.

The oiling of Bishop st. and Ida ave., were said to have been ordered by President George B. Bartlett as the result of many requests.

"I don't think it is fair," said Cunningham, who acted as spokesman. "If we are to have a one-man board, (referring to Bartlett) there is no use in our coming down here to O. K. a few bills. If I'm to serve on a committee, I at least want to know what is going on."

Simonson voiced the same opinion.

President Bartlett said he acted when complaints were received and nothing was done.

"We never knew about it; how could we act?" replied Cunningham. "They all run to you and you never refer them to us as you should. You wouldn't have so much piled on your shoulders if you would let us do some of the things we are appointed to do."

When Trustee Rosenfeldt arrived and the two had opportunity to air their grievances, the bills were reconsidered and passed unanimously.

The oral battle between Trustee Cunningham and President Bartlett continued throughout the meeting. They charged each other with traffic law violation. The feud showed up in the treasurer's report and the report of the auditor, E. F. Laurin which showed the fire department sinking fund in the red, something very unusual for the village, which drew the comment from the president that the board was at fault.

Laurin's complaint that one of the transfers of money was a questionable transaction again drew Bartlett's charge that it was the board's doings to which Cunningham retorted:

(Continued on page 5)

## Union Free High School District Seeks Location For New School Building

Wilmot—Much interest is centering about the location of a proposed new high school for the new Union Free High School district.

More than 250 persons attended a meeting here recently at which Sam Sorenson, Woodworth was elected treasurer of the district. He won over Donald Van Der Zee, of Silver Lake who had been appointed to fill the unexpired term of George Dean of Bassett, who resigned because of poor health.

Other members of the board not up for election are Alfred Oetting, Wilmot, Clerk; and Glenn Pacey, Trevor.

An eight-member committee of citizens was authorized to work with the school board in deciding the location and size of any new high school building. The committee will be composed of one representative from each of the townships and villages within the new district. The board was empowered to engage an architect to draw preliminary plans worked out.

Details of the new building are after the county school committee on May 25 enlarged the Union Free high school district to include land west of highway 41 not then in any high school district. It will include the towns of Brighton, Bristol, Paris, Randall, Salem, and Wheatland and the villages of Silver Lake and Twin Lakes.

One of the reasons that prompted the move was that increased valuation of property in the new district would enable the county to provide better high school facilities. The county's only high school outside the city limits at Wilmot is overcrowded.

It was claimed by some that students will have to travel as much as 20 miles because of the largeness of the district.

## Girls Softball Team To Play Libertyville

The Antioch Telephone girls softball team will play Libertyville at the Memorial Field in Libertyville at 7 p. m. on Tuesday, July 12th. The girls have won 3 games so far this season.

## Twin Lakes Man Kills Wife and Self at Farm South of Wilmot, Wis.

Wilmot, Wis.—Ernest Snyder, aged 53 years, of Twin Lakes, shot and killed his wife, Edith Snyder, 52, and then killed himself at a farm south of this village at 9:30 a. m. Tuesday, July 5.

Mrs. Snyder had been staying at the home of her son, Francis, south of Wilmot on the Herman Siedschlag farm since their home burned at Twin Lakes.

Mr. Snyder fired the first shot at her while she was in her bedroom, and when she ran in the front room he shot her again. He then put a bullet in his own heart. He used a 45-calibre automatic pistol.

## Legion Carnival Opens Today at Ackerman Lot; Big Crowds Expected

The American Legion carnival opened today at the Ackerman grounds near the water tower and will continue until Sunday night.

Ruggles is again providing the rides and concessions. There are five rides and a matinee for the youngsters is set for Saturday afternoon from 1 to 5 o'clock when the rides will cost them but 9 cents.

The Legion members and auxiliary are having charge of sales and ticket taking.

Ray Morton, Legion commander, invited everyone to come to the grounds and enjoy an afternoon or evening of fun. There will be plenty of parking facilities in both the rear and front and there will be special police guarding the cars.

## St. Ignatius' First Full Time Pastor Takes Up New Duties on July 9

St. Ignatius Episcopal church now has its first full time pastor since Robert E. Ehrigott, Jr., took up his duties as deacon-in-charge Sunday July 3.

He officiated at the 11 o'clock service and announced his schedule of services for the future as follows: July 10—Parish family Eucharist at 9 a. m.; July 17—Ante-Communion at 11 a. m.; July 24—Holy Eucharist at 11 a. m.; July 31—Ante-Communion at 11 a. m.

The Rev. Mr. Ehrigott was born and raised in Chicago. He was educated at Whist Junior college, Chicago; Oregon State college where he received his bachelor of arts degree; Northwestern university receiving his bachelor of divinity degree; and Seabury-Western Theological Seminary, Evanston.

He was employed five years as a purchasing agent in Bellwood, Ill., prior to enlisting in the army. He served over three years in the infantry as sergeant, was captured in the battle of the Bulge, and spent four months as a prisoner of war.

He was awarded the combat infantryman badge, bronze star medal and Purple Heart. Upon discharge he entered college and then seminary. He has been married four years and has a daughter, 18 months old, and not a son as was previously reported.

## Village Trustees Have Law Enforcement Task, Which Puzzles Them

Just what does Antioch need to curb speeding and create law abiding citizens?

That is a problem the board of trustees is attempting to determine as they set up the police force and its equipment for the coming year.

They agreed they don't need a squad car, but beyond that they haven't made up their minds.

"We had better spend some money on activities and playgrounds for our youth rather than antagonize them by policing them," suggested Mrs. Martha Hunter, village treasurer.

It is recognized that other than the Boy Scout house school functions and the commercial places of entertainment here is nothing for the youngsters to do at night.

"What has become of the idea of the curfew law?" asked Trustee C. A. Wolfenbarger. He got no definite answer.

President George B. Bartlett said that he got no cooperation from his chief of police at times; that once Chief Fred Peterson refused to raid a bookie for him and during another fracas the chief told him it was a matter for the sheriff's office.

Peterson's term expired July 1,

## Minister Opposes North Atlantic Pact in Open Letter to Pres. Truman

Rev. G. Richard Tuttle, minister of the Methodist church in Antioch has joined with some 300 religious, labor, education and community leaders in Greater Chicago opposing the North Atlantic Pact.

In an open letter to the President and the congress, the group cautions that "if the pattern of measures and counter-measures by our country and Russia persists, it can lead only to a war which neither nation can win and in which mankind may be destroyed."

Pointing out that there is a consecutive and honorable alternative, the letter asserts that the possibilities for peaceful negotiation "have never been fully explored." The President is urged, through a special emissary to the Soviet Union to prepare the way for a meeting between the highest ranking authorities of the two governments. Issues outstanding between the two countries should be thoroughly discussed and "an atmosphere of mutual confidence established in anticipation of multi-lateral discussions at which final settlements could be achieved."

Asserting that if war comes a settlement between impoverished devastated nations must be made after the war—if any survive, the letter urges discussions now before war becomes inevitable.

## Legion Auxiliary Gets Invitation to Second Division Convention

Members of Antioch Unit No. 748 Legion Auxiliary have been invited to the Second Division convention to be held in North Chicago Saturday and Sunday, July 16 and 17. Presiding will be Mrs. William D. Whyte of Waukegan, divisional president.

A banquet will be held Saturday at 6:30 p. m. in the Central school at North Chicago. The convention will be officially opened Sunday at 9:30 a. m. Highlight of the convention will be a talk by Mrs. Marie Ruthers, past department and national president. The speech will be broadcast over station WKRS.

A pot luck supper with Lake Region Unit as hosts to the Tenth District Executive board was held in the Fox Lake Legion home on June 29. Attending from Antioch were Mrs. John L. Horan, tenth district director, Mrs. Frank Kennedy, district secretary and Mrs. L. R. Van Patten, district publicity chairman.

The next district meeting will be held on Wednesday, July 13, at 8 p. m., in Highwood at the Wesley Methodist church, Highwood Ave., and Everts Place.

The next regular meeting of Antioch Unit will be held on Friday, July 22 in the Legion home.

Following the business meeting a hobby show will be held. Members are asked to bring their hobbies.

## Drivers Receive Injuries When Their Cars Collide At Nielsen's Corners

Irvin W. Sorenson of Felter's subdivision and Ray Swanson of 5115 N. Ashland ave., Chicago, a vacationer at Loom Lake, were badly hurt and bruised about 1:30 a. m., Monday when their cars collided at Nielsen's corner south of the village on Rte. 59 and Grass lake rd.

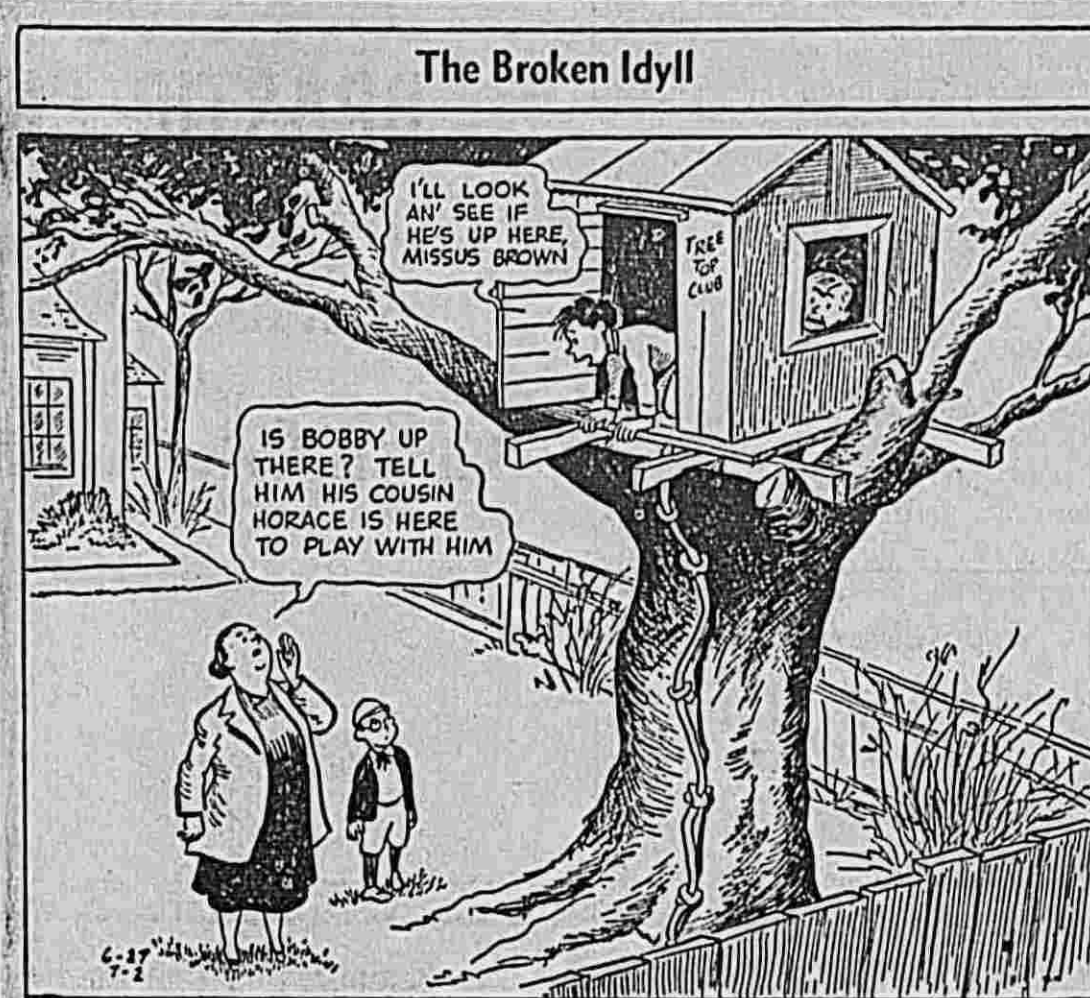

Both men were taken to the Victory hospital by the Antioch Rescue squad after being treated by a local physician. They were released from the hospital Tuesday. Those who attended them were unable to say how the accident occurred. Both cars were damaged.

## Rep. Ralph Church Has Formed New Law Firm

Congressman Ralph E. Church, (R), 13th District of Illinois, James W. Good, Jr., and Charles K. Bobinette today announced the formation of the law firm of Church, Good and Bobinette, with offices at 10 South LaSalle St., Chicago, occupied for thirty years by the law firm of Church and Traxler.

Congressman Church's former law partner, Dean Lake Traxler, died last April, and the new firm of Church, Good and Bobinette was organized as its successor.

and while he was not officially re-appointed, he is expected by the board, to serve on.

## Five Drown in County During Double Holiday, No Fatal Car Crashes

While there were no fatal automobile accidents over the double holiday, Sunday and Independence Day, there were five drownings in Lake county. None was in the immediate vicinity of Antioch.

The drownings were: Gary Edgard, 4, Long Lake, while playing near shore Saturday afternoon under the care of his aunt. The Round Lake Rescue squad was unable to revive him. Inquest at Strang's.

Albert Wings, 19, of 1937 W. Division st., Chicago, fell from raft at Crooked lake and did not reappear Sunday afternoon. Inquest at Strang's.

Walter Brown, 28, of 2908 W. Washington Blvd., Chicago, dived from water bike at Bangs lake, Wauconda, and couldn't get back on it.

Ralph Sobie, 25, of 1157 W. 57th st., Chicago, also at Bangs lake. Boat drifted from his reach, and he couldn't swim.

William Hallman, 19, of 2616 Magnolia ave., Chicago, at Shoreland resort, Third lake Monday. Boat with him and two others overturned.

## Soo Line Seeks 5-Day Week Freight Station Service Before I.C.C.

The Soo Line has filed a petition with the Illinois Commerce commission for permission to operate its freight business on a five-day week schedule, according to word received by President George B. Bartlett of the village board.

The freight stations would not be kept open on Saturdays, Sundays and holidays according to the plan, but arrangements will be made to handle emergency and seasonal movement of traffic on all days by arrangement through the local agent of the railroad.

The Illinois Commerce commission has set the matter for hearing at its offices in the Centennial building in Springfield at 9:30 a. m., July 19, and at its offices at 160 N. LaSalle st., Chicago at 10 a. m. July 26.

President Bartlett said the move is one that is common nowadays in moving toward a five-day work week. He does not think the village will make any objection as such and local industry will not be greatly affected.

The matter has not been brought before the board as yet.

## New Wood Working Shop Located on Route 173

The Antioch Wood Products Co. is a new industry for Antioch within the next week or two.

Barney Nabor, real estate owner, is putting a building 26x50 feet on Rte. 173 west of Rte. 59 for the new business owned by Ralph Tutein of Petite Lake. Tutein has been doing his woodworking at his home after leaving Fox Lake, but is now expanding his business. His slogan will be "If it's made of wood, we will make it."

He promises high class work in all types of house and home articles. Nabor is also building a similar structure for the Antioch Sheet Metal works just south of the company's present location on Rte. 59.

## V.F.W. Trims Wilmot, Waukegan A.C. Defaults, Silver Lake Here Next

It was the effective clutch hurling of Ray Bushing which made the difference as the V. F. W. trimmed Wilmot 8 to 4 under Sunday's boiling sun, at Fox River Park.

Ed Palenski led a 15 hit attack, which gave Bushing an early 6-0 lead, with a triple and three singles which drove in three runs. Harry Shank and Glenn Fox furnished plenty of support. Shank collected two hits and a walk to account for two runs and Fox garnered three singles and drove in one run.

Wilmot had its big guns in Merly Johns, who hit two triples and a single and Ted Skora who got two hits and a walk. The Wilmot stickers however, found Bushing too tough with men on base.

As has been the custom of late Antioch started off with a bang getting two runs the first inning. Fields walked but was forced at second by Crandall. Palenski blazed a single to left moving Crandall to second. Fox struck out but Wells curved a single to right scoring Crandall. Shank then singled through the box scoring Palenski. Scott walked filling the bases but Vickert bounced out to end the inning.

Antioch packed up their third run in the second on consecutive singles by Crandall, Palenski and Fox.

Richards struck out the side in the third, but Antioch counted three more in the fourth when Bushing singled off Pohlman's glove. Fields was safe on a perfect drag bunt down the third base line. Crandall sacrificed, both runners advancing. Palenski singled to left center scoring Bushing and Fields. Fox lined a single to left and Wells was hit by a pitched ball to load the bases. Shank walked forcing Palenski across the plate. Scott lined to B. Schnurr who stepped on second to complete the double play and the inning.

The V. F. W. picked up runs in the seventh and eighth but they were unnecessary as Bushing receiving good support kept Wilmot hits well scattered.

Monday Antioch was scheduled to play Northside A. C. of Waukegan, but for reasons unknown the Waukegan aggregation failed to make an appearance.

Next Sunday Antioch will entertain Silver Lake at the high school diamond. The V. F. W. will be seeking their fourth straight victory.

## Antioch Stores Do Near Record Volume During 4th Weekend

Antioch retail stores enjoyed what amounted to a near record business last Saturday according to a survey made early this week. Most business places were crowded beginning Friday afternoon and evening and were mobbed on Saturday all day.

Although buying was spotty and in some cases sales were not much more than normal for a summer weekend, most businesses reported that sales were higher than they have been for many years.

Business at the local taverns was not unusually high and it is believed that the extremely hot weather accounted for the unusual speed with which buyers obtained their needs, evidently hurrying to get shopping over and get out to the lakes to escape the heat.

## Pickard to Expand in New Building; Nash Auto Agency to Build

### Construction to Start Soon Village Board Was Notified

Construction of two new business buildings are of immediate plans as revealed by firms appearing before the village board Tuesday evening.

Pickard, Inc., pottery on Corona ave., will soon put up a one story building 40x120 to take care of expanding business. The building added to the present structure will be of steel and cement block.

Alfred Simon, superintendent, presented a problem of drainage to the board and the solution was left to further investigation and an engineer's study. Surface water now crosses the area on which the company wants to build and a storm sewer outlet is sought.

The second structure for which approval was given is a one-story building at 362-364 Depot street, which will house the new Nash automobile agency, display room, repair and service station.

Paul A. Erickson, Deep Lake rd., who is engineering the construction work, said it will replace the old Huber Paint shop building near the Antioch Mill; will be 54 feet wide with one wall having a depth of 99 feet and the other 109 feet, for a total of 6,500 square feet of floor space. It will be of steel, brick and cement, and the rear will extend out over the creek bank. Just where the rear wall will be placed has been left up to Building Commissioner Walter Scott.

Known as the Antioch Nash Sales the new business will be managed by H. B. Lydiard of Glen View who will move his family to Antioch as early as possible.

The board approved water service to Robert Bock at his log cabin building south of the village limits. He will bear the expense of the connection and meter.

A resolution appropriating \$2,500 of the fuel tax fund for expense during the coming year in cleaning and conditioning the streets was passed.

## All Set for Boat Races At Fox Lake Sunday

All is in readiness for the first sanctioned race meet in local waters for many years, according to Norbert Hollenbach, chairman of the race committee for the Chain O' Lakes Boat Club, sponsors of the event. The race will be held in Fox Lake in Mineola Bay, and A. P. B. A. headquarters will be at the Mineola Hotel, Fox Lake.

The races will commence at 1:30 p. m. and continue throughout the afternoon with 135 cubic inch hydroplanes, 255 cu. in. hydroplanes, 263 cubic inch hydroplanes and class E racing runabouts scheduled to tangle for honors. At the conclusion of the sanctioned program a number of races will be scheduled for the local inboards.

While there are no races scheduled for outboard racers, a special sanctioned regatta, especially for outboards, and excluding inboards will be held at McHenry on July 31.

Many top flight boats will be on hand to compete at the Mineola Sunday, with Thom Cooper of Kansas City, Loren Pennington, of Santa Barbara, Calif., Sid Street of Kansas City; Merlyn Culver of Dayton, O., Sherman Critchfield of Clearwater, Fla., and many others. Critchfield's "Hell's Angel" will be of special interest here being a Class E racing runabout, and the winner of last year's championship in that class.

Plenty of parking space will be available and there will be no admission charge, and due to the high ground at the Mineola, good vision of the course should be available to all. An approved, surveyed course has been laid out, and it is quite possible that some competitive records may fall at this meet, if weather conditions are favorable.

## New Wage Scale Indicated

President George B. Bartlett said that he was informed by the owner of the Pickard pottery plant that his employees are going on a new basic wage scale with an incentive pay added. Long regarded as the lowest paid skill in the United States, the pottery trade is hoping for better days.

Mr. and Mrs. Leroy Wilmes and daughter, Shirley, of Lake Crystal, Minn., are visiting their aunt and uncle, Mr. and Mrs. Henry Mau, at their home at Lake Marle.

# WILMOT

Mr. and Mrs. Harvey Watts and family, of Racine, were Friday supper guests of Mr. and Mrs. George Higgins.

Mr. and Mrs. Kenneth Hoffman and Marlene, of Genoa City, were 4th of July guests of Mr. and Mrs. George Higgins.

Mr. and Mrs. Herman G. Frank and Richard were Saturday night guests of Mr. and Mrs. Joe Scler.

Mr. and Mrs. Edwin Parke, Jr., and Becky Lee, of Barrington, were Sunday guests of Mr. and Mrs. Gust Neuman.

Mr. and Mrs. John Rausch, Jr., and family attended a family reunion Sunday at the home of Mrs. William Richards of Antioch.

Mr. and Mrs. Frank Bartsch, of Floral City, Fla., and Mrs. Biedella Member of Brimfield, Ill., are spending the weekend with Mr. and Mrs. Henry Vincent.

Antioch baseball team defeated Wilmot 8 to 4 Sunday. Wilmot Legion defeated Silver Lake 3 to 0 Monday.

Barbara Jenkinson, of Oak Park, spent the weekend with Mr. and Mrs. Herbert Sarbacher.

Wilmot Post office hours for July 1st are 8 a. m. to 12 noon and 1 to 6 p. m. week days. Saturdays 8 to 12 and 1 to 5.

Arlene Kunz returned Sunday from Pottowamie Hills where she spent the week with girl scouts.

Jack Zarnstorff underwent an appendectomy Saturday at the Burlington Memorial hospital.

Mr. and Mrs. Frank Zarnstorff, Sr., entertained Mr. and Mrs. Alfred Oetting and family, Mr. and Mrs. Frank Zarnstorff, Jr., and family of Richmond, Mr. and Mrs. Floyd Zarnstorff and Kenny, of Oak Knoll, Mr. and Mrs. Clifford Schaaf and son, of Powers Lake, Sophie Schmalfeldt, of Silver Lake,

Mr. and Mrs. Walter Thomas and family, of Woodstock for the 4th of July.

Flavia and Herman Ehlert, Mr. and Mrs. Herman G. Frank and family, Mrs. Peter Van Slochteran and Roger, of Bristol, enjoyed a wiener roast the fourth of July at the home of Mr. and Mrs. Rodelle Harms, of English Prairie.

Erminie Carey entertained her bridge club Tuesday evening.

Mrs. James Farrell and daughter, of Grand Rapids, Mich., spent the past week with Erminie and Grace Carey.

Mrs. Harvey Brown entertained the Wilmot Sewing Circle Thursday.

Mr. and Mrs. Cyril Pacey and Susie spent Sunday afternoon with Mr. and Mrs. Harold Pacey. Mrs. Harold Pacey suffered a heart attack and is confined to her bed. John Pacey is spending a few days with them.

Mr. and Mrs. Wm. Lewis, of Madison, Mr. and Mrs. F. F. Wheel-

er and daughters, Jean and Frances, of Milwaukee, spent the week-end with Mr. and Mrs. G. W. Lewis.

**Frozen Food Pack**  
More than 1,125,000,000 pounds of frozen foods were packed in 1948, approximately 120 million pounds more than in 1947.

**Ghost Lights**  
Mysterious lights appearing nightly on Brown mountain in North Carolina never have been satisfactorily explained.

**Nickel Mines**  
In one year more than 10,000 tons of steel rods were worn out in grinding the hard, abrasive ore mined in Canadian nickel mines.

# Good Buy - all around

**FRIENDS** gather, look over that long bonnet and wish they had as much Fireball life as you have here.

They size up the broad windshield and narrow corner posts—and don't have to be told how these things step up "see-power."

They appraise the smart styling, the roomy interiors, the usability of luggage space—and agree you've made a buy.

But don't stop, please, with letting them look. Invite them in and introduce them to some of the special pleasures you'll know as a Buick owner.

Show them, for instance, how completely different Dynaflo Drive is, with every

\*Standard on ROADMASTER, optional at extra cost on SUPER models.

mile cushioned by flowing oil and none of the rigid harshness of direct-drive cars.

Let them sample the matchless Buick ride, with all four wheels cradled on soft, coil springs and low-pressure tires made still easier-riding by extra-wide rims.

Point out how solid this Buick feels. That's what you get from husky frames, low-swung weight, and power delivered through a torque-tube instead of the rear springs.

For the truth is, this Buick's a bargain on much, much more than you can see.

It's a big buy on the solid goodness a demonstration quickly makes plain. On increasingly favorable delivery dates.

On attractive price. On the kind of "deal" your Buick dealer makes.

That's why we keep saying "Better see your Buick dealer—and get that order in promptly!"

## BUICK alone

has all these features

Silk-smooth DYNAFLO DRIVE\* • FULL-VIEW VISION from enlarged glass area • SWING-EASY DOORS and easy access • "LIVING SPACE" INTERIORS with Deep-Cradle cushions • Buoyant-riding QUADRIFLEX COIL SPRING • Lively FIREBALL STRAIGHT-8 POWER with SELF-SETTING VALVE LIFTERS plus HI-POISED ENGINE MOUNTINGS • Cruiser-Line VENTIPORTS • Low-pressure tires on SAFETY-RIDE RIMS • DUREX BEARINGS, main and connecting rods • BODY BY FISHER

\*Standard on ROADMASTER, optional at extra cost on SUPER models.

## Cunningham Says

(Continued from page 1)  
 "You knew what was going on and approved it as well as the rest of us."  
 All agreed that the errors would not have been made had there been an attorney there to direct them and said that with counsel on hand at each meeting now, such mistakes can be avoided.

Laurin's report stated:  
 "There was considerable transferring or usage of various funds to meet the costs of construction of the fire station and new sewer plant. There seems to be no reason why surplus operating funds cannot be used for that purpose."

**Village In Red**  
 "The fiduciary funds covering the village bond fund, sewer bond fund, fire department sinking fund and sewer depreciation or replacement fund show proper transaction for the year except that \$1,000 replaced to the federal government covering payment of a planning grant was paid out of the sewer depreciation fund. That is a questionable transaction. I believe it should be reimbursed from the water and sewer fund as funds become available."

Laurin reported that a certain portion of the \$800 received annually from the fire district must go to the regular fire department fund. The village is operating at a loss so far as the fire district is concerned and more money will be sought.

The Cunningham-Bartlett quarrel ended after the mayor denied accusing the trustee of aggravating the creek-bridge problem now before the board.

## Freight Train Loads

American railroads carried more tons of freight per train in the year 1948 than ever before and with an increase in average speed. Average load of freight per train in 1948 was 1,176 tons, an increase of 30 tons above the previous high record established in the year 1947, when the average was 1,146 tons. It also was an increase of 37 tons above that in 1944, the peak war year. In 1929, the average was only 804 tons.

## Wet Paint Kills Cattle

Wet paint on farm buildings and fence posts is dangerous to stock as the lead contained in making in many kinds of paint can kill cattle. While the paint is wet, animals are attracted to it because it contains linseed oil. It is important to keep stock away from wet paint and discarded paint buckets.

## Winter Hint

California's blustery weather last winter inspired all sorts of gifts from more temperate communities, but the prize for dispatching the civic coup de grace goes to an Idaho hardware dealer. He air-expressed a snow shovel to the Los Angeles chamber of commerce. In return he received a gracious "Thank you."

fore the board.

The board will meet in special session next Monday to let a contract on the Orchard st. sewer and water mains and to decide on the nature and personnel of the police department.

### The Public Interest

In one of his newspaper columns, Norman Thomas, who has long headed the Socialist Party in the United States, says: "The job of writing a really good labor bill still remains to be done. Such a bill must find a better way of dealing with the problem of paralysis by strikes than the present injunction methods of enforcing a cooling off period or than the power, which President Truman claims, to get an absolute injunction in an emergency."

"In a democracy it ought to be possible to handle these matters on agreed terms which do not involve any serious impairment of collective bargaining or the loss of labor's basic rights but which still give protection to the modern community whose very life depends upon the continuous operation of certain industries and services."

What gives this significance is that Mr. Thomas' sympathies have always been on the side of labor. However, as a student of society, he is also aware that the interests and security of the public at large must come ahead of those of any special group—whether it be a labor union or a corporation. For many years some of the best known labor leaders have been working on the theory that they have "rights" which are superior to the rights of anyone else, and that the country can like it or lump it. The American people, to put it in plain language, finally got a bellyful of that attitude.

Undoubtedly, a better labor law will some day be written. In the meantime, the Taft-Hartley Act, in its major provisions, is the fairest and best law we have yet had. It has struck a balance between the power of labor on one hand and the power of industry on the other. It recognizes that the public interest is always paramount. And it has freed the rank and file of labor from dictation by labor bosses.

### The Fly on Baby's Head

Bills now in Congress would, if passed, create chaos within the petroleum industry, and thus directly undermine the national welfare and security. They would do this by making it illegal for any company engaged in producing, refining or marketing oil

to operate or be financially interested in a common carriers pipe line, a barge or a tanker. Further, no company refining oil could market it save by selling it at the refinery gate.

Some business interests, in the belief that this legislation might be of financial benefit to them, have supported it. Commenting on that, the president of an oil company said: "When any businessman or group of businessmen lend support to schemes to dismember the petroleum industry, their utterances sound as illogical as the old comic song in which the boy caroled: 'Papa get the hammer, there's a fly on baby's head.'"

Every American has a personal knowledge of the way the oil industry serves the country. With rare exceptions, and even when production facilities of all kinds have been strained to meet a huge demand, we can buy any oil products we want, in any quantity we want, and when we want them. That kind of an industry never could have been built under law which said that a company could refine oil, or market oil or transport oil, but could not do all three.

Oil is the lifeblood of modern commerce—and it lies at the heart of the national defense. Under the proposed dismemberment laws, the supply of oil would inevitably dwindle, and the job of turning crude into usable products would be complicated and slowed down. There would be less real competition, and there would be less opportunity for the small company as well as the large, and the public would suffer.

\* \* \*

### One Way To Reduce Employment

The operator of a retail chain recently wrote his views on the proposal to raise the minimum wage to 75 cents an hour for a 40-hour week. "The retailer would have no choice of action but to reduce the number of employees and hope for greater production from those who are retained," he said. "The marginal producers from the standpoint of sales volume would, of course, be eliminated from the payroll."

"Many untrained women and high school girls are employed for Saturday and special rush day periods. This type of available worker would not find employment for the reason that their potential production would not justify the wage."

The proposed law is unrealistic. It takes no account of the differences in living costs in varying sections of the country. Nor does it take account of the special operating problems faced by retailers in rural areas, where it is impossible to confine the business to a short working day and week. In the farm districts many customers can only find time to shop in the evening, and stores must stay open to serve them.

Retailing is simply one of a number of enterprises which can use beginners, part-time workers, and people without special skills. It is obvious that the value of such employees to the store owner is limited. If the legal minimum wage is set at too high a level, he can no longer employ them and so help them make a start in life. Congress should give this phase of the minimum wage question intense consideration when it comes time to vote on a new law.

sons, John, Glenn and Bobbie, were guests at the Ray Hauser home at Whispering Pines farm, Stephenson, Mich., from Wednesday until Monday.

Mr. and Mrs. Oscar Neahous and daughter, Mrs. Helen Christiansen, and family, of Union Grove, spent Sunday and Monday at the Tom Cosgrove home in Elmhurst, Ill.

## SALEM

Mr. and Mrs. Frank Dix left Tuesday morning for a few days vacation in Northern Wisconsin.

Mr. and Mrs. Louis Slamar and 2 sons, Louis and Frank are spending this week in Denver, Colo., visiting Mr. Slamar's sister.

Mr. and Mrs. Thomas Presco, of Chicago, called on Mr. and Mrs. Byron Patrick Friday enroute to Denver, Colo., where they will visit Mrs. Presco's and Mrs. Patrick's brother, Bennett Feinold.

Mr. and Mrs. Ogden Fletcher and sons, of Chicago, spent the weekend with Mrs. Janet Fletcher.

Mr. and Mrs. Byron Patrick were dinner guests Monday of Mr. and Mrs. Milton Patrick.

Mr. and Mrs. Harry Quilty have returned from their wedding trip and will make their home in Oak Park.

Mrs. Floyd Stoxen of Wilmet was a caller at the Lester Dix home Thursday.

Mrs. Alfred Schultz is a patient at St. Therese hospital where she underwent surgery.

Judith Ann Dix, Mabel Tuttle, Cornelia De Ritter, Marlene Kap-hengst have returned from Girl Scout camp.

Miss Harriet Hull, of Washington, and Miss Elaine Cull, of Minneapolis, Minn., are guests at the Arthur Bushing home.

Rev. and Mrs. James Nichols and children spent Thursday at the

Brookfield Zoo in Chicago.

Rev. Dale Jennings, of Milwaukee called on Carl Zuelsdorfs Thursday.

Miss Olive Hope met D. Natalie Leonardson, of Milwaukee Friday and they spent the day in Racine.

Mr. and Mrs. Frank Wheeler, of Silver Lake, and Miss Doris Fenne-ma and friend, of Kenosha, spent Sunday at the air field in Chicago.

Mrs. Alma Howard and Mr. and Mrs. Vernon Howard and children, of Chicago, spent the weekend at the Howard cottage.

**Tunnel Seven Miles Long**

The longest railway tunnel in the United States is the Cascade tunnel of the Great Northern railroad thru the Cascade mountains in Cheylen and King counties, Wash. It is 41,152 feet, or 7.79 miles long. It was completed in 1929.

Bring a cool lake breeze into your bedroom  
...with a night cooling fan!

## How a night cooling fan works:

It pulls out stored-up heated air, while cool, night air is drawn in through opened windows. The gently moving, cool air absorbs heat and evaporates perspiration ... you feel cooler immediately!

You bring a lake shore breeze right into your apartment ... when you have a night cooling window fan. A window fan draws in cool air from outdoors—and sends it through your rooms to lower the temperature and help you feel cooler. As the moving air passes over your skin, moisture is evaporated quickly ... and you feel comfortably cool. Best of all, you can sleep in comfort. There's a night cooling fan for your home ... find out about it today!

## A type for every apartment or house!

For the apartment, an easily-installed window fan or a portable model to be set up in front of the window is ideal. The permanently installed attic type is recommended for home owners.

Night cooling fans are perfect for business, too: Investigate their low-cost advantages for your store, shop or office!

For economical summer comfort, see your DEALER or our nearest store

## HICKORY

Miss Harriet La Crosse, her sister, Mrs. Ed Lucken, Miss Edna Lund, all from Dolton, and Mrs. C. Medler and daughter, Miss Dorothy from Chicago, called on Mrs. Will Thompson Wednesday morning on their way to Lake Geneva.

Mr. and Mrs. H. A. Tillotson drove to Port Washington, Wis., on Friday. Mrs. Tillotson remained there for a visit with her daughter, Mrs. Hallada and the new grandson, who came home from the hospital that afternoon.

The Masonic Building fund will give a card party Saturday evening, July 9th, at the Millburn Masonic hall at 8 o'clock.

Miss Josie Mann, of Millburn, visited Mrs. Will Thompson Wednesday afternoon.

Mr. and Mrs. Leo Thompson and

children, Roger and baby Susan from McHenry, spent Monday at the Will Thompson home.

Twenty relatives of the Tillotson family held a picnic at the Emmet King home on their lawn on Sunday. They came from Milwaukee, Kenosha, Hebron, Farnsworth, and Muskegon, Mich.

The Curtis Wells home was the

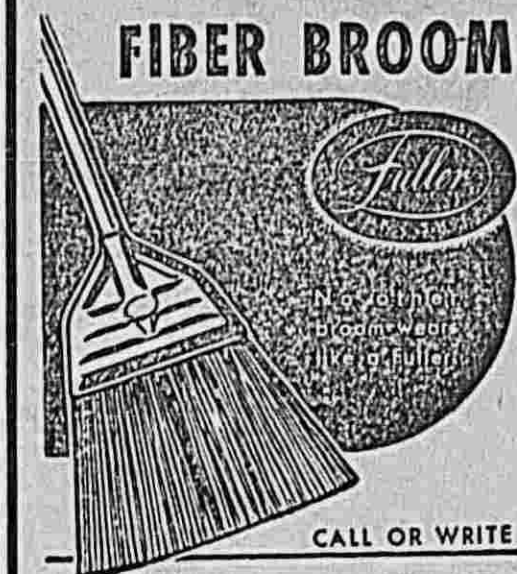

scene of a family picnic on the 4th of July.

Howard Wells, of Joliet, and Richard Wells left on Tuesday morning, by train, for a visit with a cousin at Denver, Colo. They expect to be gone two weeks.

Will Thompson and daughter, Helen, spent Wednesday at the

Railroad fair in Chicago.

Sunday afternoon callers at the Wm. Gerber home were Lt. Colonel and Mrs. George Schaefer, from Chicago, who were on their way to Camp McCoy, Wis., also Mr. and Mrs. Arthur Lantz and daughter, Janis, from Chicago. They were all friends together years ago at Tullahoma, Tenn.

## LAKE VILLA

The sermon topic announced by Rev. T. E. Rodd for the worship service at the Community church on Sunday, July 10, at 11 a. m. is "Bargaining with God," and you are invited to be present. Young children are cared for in the basement during the service for the convenience of parents.

The W. S. C. S. held the quarterly pot luck dinner to celebrate the April, May and June birthdays of members and friends at the regular meeting at the church last Wednesday afternoon, with Mrs. Mary Nelson and Mrs. Marie Anderson as hostesses. Further plans were made for the annual summer sale of rugs, fancy works, aprons and quilts at the school gym on Wednesday, July 20, in connection with the white elephant sale. There will be a luncheon at 12:30 followed by a public card party. Plan to be there.

Donna Riedel, Jaclynn Martin, Lillian McNeill, Jay Cribb and Chas. Hucker are spending this week at the Long Lake Bible school to represent the Lake Villa church school in recognition of good attendance.

Mr. and Mrs. Philip Wagner, Jr., and children and Mrs. Wagner's mother, Mrs. Alice Meyer, left Saturday on an auto trip to Poughkeepsie, N. Y., to visit relatives. Mrs. Meyer plans to live there with her sister indefinitely, but the Wagner family will return in a week or so. Mr. and Mrs. John Meyer, recently married, are living in the Meyer home on Grand Ave.

The Masonic building fund party will be held Saturday, July 9, at the Millburn Masonic hall at 8 p. m. Pinochle, bridge, 500 and bunco will be played. There will be prizes and refreshments. Mr. and Mrs. Clifford Weber will be in charge.

Mr. and Mrs. Lester Hamlin spent a few days over the holidays on an auto trip into Northeastern Michigan, returning home Tuesday. Mrs. Hamlin's mother, Mrs. Nautia of Waukegan stayed at the Hamlin home while they were away.

Mr. and Mrs. Jake Fish and Jimmie spent Monday at Fox River Park at a family picnic with the Sheridan Burnette family and others of Antioch and Chicago, and on Tuesday they left on a vacation auto trip to the Smoky Mts., to

be gone ten days or so.

Mrs. Stella Pedersen entertained the ladies of the Sewing club at a luncheon at her home on Oak Knoll Drive last Thursday afternoon.

Mrs. Alice Meyer was guest of honor at a farewell party last Thursday afternoon at the home of Mrs. Wm. Fish, near Wauconda. Mrs. Jake Fish, Mrs. Philip Wagner, Sr., Mrs. Charlotte Wagner, Mrs. Ada Barnstable attended from Lake Villa.

Mr. and Mrs. Edward Kelly, who are attending training school at Lincoln, Nebr., were guests at the C. Blumenschein home last Sunday.

The Wobell family, of Chicago, spent the first of the week with Mrs. Wobell's parents, Mr. and Mrs. Chris Anderson, on Burnette Ave.

Clarence Miller and family, of Chicago, spent the 4th of July holidays at the Miller home on Burnett Ave.

The Antioch News

Mr. and Mrs. Wesley Blumenschein and son, John, of St. Paul, came last Saturday to visit the home folks until Monday afternoon when they left for home. Mr. and Mrs. Blumenschein and their sons, Wesley, Gordon and Kenneth with their families enjoyed dinner at the Rustic Manor at Gurnee last Saturday in celebration of the birthday anniversary of Mrs. Clarence Blumenschein.

Mrs. Russell Nickerson and Donna are spending the week with relatives near Galena, Ill.

Mr. and Mrs. Arthur Tiede, of Chicago, were guests of the B. J. Hooper family on Sunday.

**SOO QUIZ: What is  
"head-end" traffic?**

TAKE A CLOSE LOOK the next time a Soo Line passenger train whizzes by. Right behind the locomotive tender you'll see mail, baggage and express cars. They're reserved for your daily newspaper, mail, parcel post, milk and express that demands

fast, dependable delivery. In railroad lingo that's "head-end" traffic.

At brief station stops, nimble Soo Line workers handle "head-end" traffic in the shortest possible time. Seconds later it's rushing to you on the Soo Line.

## BOWERY BUMS

## Study Shows Real Problem

NEW YORK, N. Y.—The legendary "Bowery bum"—sleeping in hallways, brawling, boozing—is not an amusing character to the families of the lower east side. He is a source, rather, of deep concern and anxiety.

A survey of the area and its casuals by the Community Service society shows that homelessness there are on the increase. Some families have become so alarmed by the problems created that they want to move out of the neighborhood.

Five churches on the lower east side co-operated in the study. The objects of the survey was to analyze the effect of the presence of homeless men on families and children in that area. The investigators found the answer to their question in one word: "Bad."

Sixty-three families were spot checked by the questioners. "Do the homeless men affect your family?" they asked. "How?" "Have your children ever talked about these men?" "What sorts of things do they say about them?" Following is the language of the report:

## Examples of Behavior

"The interview brought out numerous examples of gross behavior and other forms of annoyance by these derelicts. Parents often cited incidents of immoral approaches to children. Other resident families voiced complaints about drunkenness and abusive language.

"I'm afraid to let my children play in the street alone," one mother told the investigator. Another parent said: "Some time ago my seven-year-old daughter was accosted by one of these men. At the time she was deeply troubled. I explained as well as I could how she is to conduct herself in the future, but I would be deeply grateful if the situation could be rectified."

Despite the findings, the report refused to use them as an indictment of the homeless men, calling their behavior "largely uncontrollable," and declaring: "On the contrary we have the greatest sympathy for them and their plight; our quarrel is with the system that disposes of them with only lodging and coffee. It is important to avoid the conclusion that all homeless men are of the type described here."

## Urge Wider Understanding

The Gramercy district committee of the society, which actually carried on the survey, urged "wider public understanding of the problem plus intelligent help and understanding." It also recommended the following long term measures:

"1. Decentralization of facilities for the care of homeless men from the lower east side by establishment of temporary shelter units in various appropriate sections of the city away from residential areas.

"2. Provision of facilities suited to the needs of different types of men having specialized problems and requiring specialized treatment and handling. These include the incurably sick, others requiring hospital or only clinical care, alcoholics, the employable and non-employable and veterans entitled to special benefits under federal and state legislation."

## Jet Bomber Sets Record Of 607.2 Miles Per Hour

WASHINGTON. — An arrow-shaped B-47 jet bomber has streaked through the stratosphere at an average speed of 607.2 miles an hour in the fastest transcontinental flight ever made.

The bomber, rated as "light" despite its 125,000 pounds, flew 2,289 miles from Moses Lake air base in Washington state, to Andrews field, Md., a few miles southeast of the capital, in three hours and 46 minutes.

The pace was 27 minutes shorter in time and 23 miles faster in average speed than the official record of four hours and 13 minutes at 584 m.p.h. established by Col. William H. Council in an F-80 Shooting Star two years ago.

However, the air force will claim no record. The flight was not timed officially and the plane did not fly the recognized contest course. The recognized course—the one that Council flew—is Los Angeles to New York, 2,464 miles.

## Olson Only Year to Live, Man Takes up Robbery

ROCKFORD, ILL.—Walter R. Molander, 32, vice-president of a display equipment firm, confessed that he committed three stickups because a doctor had told him that tuberculosis would kill him within a year, "and I didn't have much to lose."

Police Chief Folke Bengston said that Molander admitted robbing a salvage yard of \$300, a barbershop of \$25, and a loan company at Freeport of \$750.

Bengston said Molander also admitted stealing cars here and in Freeport and using them in the robberies.

"I was swamped by debts, and a gun was the easiest solution," Molander said.

## Chick Sanitation

Before baby chicks are started, it is highly advisable to scour the brooder houses with lye or other suitable disinfectants. One pound of lye in six gallons of hot water is satisfactory for this purpose. If it is possible, the brooder house should be moved to new ground some distance from the laying house.

## Clean Milk

Pre-rinsing of milk and cream cans immediately before they are used with pure clean water is recommended as a means of reducing bacterial counts and preventing sediment contamination. Hooded covers placed over the can lids will also help in keeping sediment out of the milk or cream.

## Farm Wealth

More than three million farms—well over half the nation's total—now gross less than \$1,500 a year. Per capita income of persons on farms amounted to a little over \$900, as compared with \$1,569 for non-farm persons.

## Cranberry Crop

Bogs in southeastern Massachusetts normally yield nearly two-thirds of the nation's annual cranberry crop. Wisconsin produced one-fourth of the 922-million bushel 1948 harvest, while the remainder came from New Jersey, Washington, and Oregon.

## Red Blood Cells

Red cells are so tiny that 3,000, lined up in a row, would form an invisible line less than an inch long. But an average man has 30 trillions of them. The average woman has fewer—about 27½ trillions. Red cells are made in the red bone marrow.

## "Using 2,4-D Safely"

2,4-D is a chemical that will work for you or against you, depending on how you use it. It will kill or damage most broadleaved plants—valuable crops as well as weeds. Properly used, it can put dollars into your pockets. Improperly used, it can cost you money.

## Air Express

More air express shipments are handled in one week at New York City now than were handled for the entire country in 1932. (Year 1932: 26,000 shipments; Average week, N. Y. City, 1949: 35,000 shipments).

## Rose as Cover

Japanese or Multiflora rose is being used effectively for wild life cover and fences in many sections of the country.

## First Tea Party

First Revolutionary tea party in America was held in Edenton, N. C., on October 25, 1774, when ladies of the town, sipping a brew of raspberry leaves, pledged not to buy any tea bearing the odious tax stamp.

## Animal Importations

The United States annually imports thousands of animals for livestock breeding purposes.

## Customers' Corner

A good food store must be a clean store. We believe our customers are entitled to top quality food at low prices, served in clean, healthful surroundings.

That's why we train and instruct our employees to keep all trays and cases and scales scrubbed and sanitary; to keep refuse and packing cases out of the aisles and off the sidewalks; and to keep floors and grocery racks clean and orderly.

Sometimes during rush periods it's hard to keep a store as neat as it should be. But that's our job, and you will be doing us a favor if you will let us know if your A&P store ever falls in any way to measure up to our high standards of cleanliness. Please write:

Customer Relations Department,
